Positive Payment System on Cheque Truncation System: An overview

What is Positive Pay System?

The concept of Positive Pay (PPS) involves a process of reconfirming key details of large value cheques to the Drawee Bank before presentation of the cheques. Under this process, the issuer of the cheque need to submit electronically certain minimum details of that cheque (like date, name of the beneficiary / payee, amount, etc.) to the drawee bank.

Whether details of all cheques need to be submitted to the Drawee Bank?

Details of all cheques amounting Rs.50,000.00 and above need to be submitted to the Drawee Bank under PPS.

Is it mandatory to provide the details to Drawee bank under PPS?

While availing this facility is at the discretion of the account holder, it is mandatory for all cheques of amount Rs.5.00 lakhs & above.

What is the drawback in case of non- submission of details under PPS?

Cheque details which are available in PPS will be accepted under dispute resolution mechanism of the CTS Grids. Non- submission of the details under PPS will lead to rejection of the claim under dispute resolution mechanism.

Which channels are enabled for submission of details under PPS?

Presently, Cheque issuer will submit the data in the prescribed form by visiting the Branch Bank, through e- mail & whatsup.
